

2024 Call for Applications – Junior Researcher
BORDEAUX INSTITUTE OF ONCOLOGY (BRIC, INSERM U1312)

The **BORDEAUX INSTITUTE OF ONCOLOGY (BRIC U1312, <https://www.bricbordeaux.com/>)** is seeking to recruit a new **Junior Researcher** to develop innovative research programs on the biology and treatment of cancer within one of the existing BRIC teams.

BRIC is a recently established research unit in Bordeaux that is dedicated to cancer research. Its research program includes genetic and molecular oncogenesis, tumor heterogeneity and microenvironment, and defining the mechanisms of resistance. BRIC unites 12 research teams and is currently located at the University of Bordeaux with state-of-the-art core facilities available. To translate basic research findings, BRIC operates in close collaboration with clinical partners at the University Hospital of Bordeaux (CHU) and the Institut Bergonié cancer hospital. Additional information about life at BRIC is available on our [website](#).

The applicant must have a **strong track record** and will develop an ambitious project that complements the BRIC research program. Candidates should have or meet criteria to compete for a permanent research position. The appointed researcher will be provided with a **support package** that includes appropriate office and lab space as well as start-up funding commensurate with experience.
